Digital Transparency (Digital Services Act)

This page contains information relevant to the EU Digital Services Act (Regulation (EU) 2022/2065), "DSA", in relation to the JetBrains products listed below.

The JetBrains products listed below constitute intermediary services provided as private services mainly to organizations (B2B). The content stored or transmitted by these customers using these JetBrains products is typically available only within the relevant organization and is not accessible to the public.

Since customers may use these services for the communication and/or storage of sensitive information, including trade secrets, JetBrains does not carry out any regular moderation on its own initiative.

Designated point of contact

The point of contact for users of the above-listed intermediary services and for public authorities is the JetBrains Legal team (legal@jetbrains.com).

Languages for communication:

English, Czech

Transparency reports

We publish annual transparency reports on our content moderation activities in line with the DSA. The reports are available for each product and each year.
